

# PALOUSE

Surgery Center

The prices for the procedures listed below include only the facility fee. The surgeon fee, anesthesia fee, and pathology fee (if applicable) are separate and you will be billed for those charges separately. This list is just a few of the procedures we do here at the Palouse Surgery Center. If your procedure is not on this list please feel free to call for prices.

A list of what is not included in the facility fee is as follows:

- Any hardware or implants necessary for completion of the procedure. For example: plates and screws for orthopedic procedures.
- Lodging and travel expenses. You must have a responsible adult to provide transportation upon discharge that can stay with you.
- Expenses or fees resulting from complications subsequent to the completion of the surgery and discharge from the facility.

We encourage all patients having surgery to call around to local hospitals to get price quotes to compare the price differences.

Palouse Surgery Center is contracted with the following insurance companies:

Medicare, Blue Cross of Idaho, Premera Blue Cross, Regence, Kaiser, United, Idaho Medicaid, Washington Medicaid, Tricare, VA, First Choice, Idaho Physicians Network.

If you do not have insurance coverage we offer a self-pay discount. Please contact the Palouse Surgery Center for those prices.
